

Job Description: Prescriber - Licensed

Welcome to our group practice!

We are looking for a prescriber to work with our group practice as a contractor.

We are looking for the right fit and the perfect someone who ...

Has completed their training and degree(s).

Has a knowledge of psychiatry, medication management and clinical psychology.

Wants to work with a great team of clinicians and administrative professionals.

Is licensed to practice.

Wants to collaborate and consult with others. Dropping knowledge!

Wants to see clients in either their office or either of our offices some of the time as well as work remotely OR work remotely 100% of the time. This is a discussion point as you will be a contractor.

Why you should consider working with us ...

We value each other and our clients.

We value discourse and conversation, not micromanagement and repression.

We are a smart, fun, diverse and kind group of individuals.

We will take care of the business of being a therapist while you work with clients' medication and psychiatric needs.

We have reception, billing and administrative rock stars on our team. This is a discussion point as you will be a contractor.

We work with folks who need help now.

We offer collaboration.

We truly love the field we work in and we hope to have some fun along the way! Mental health can be tough on us as well. We want to build a collaborative team of employees and contractors that continues to evolve

The Contractor Position

Medication management with adolescents and adults.

Complete psychiatric assessments, medication treatment plans and medication notes and other needed clinical tasks and documentation.

Be willing to share your notes with our therapists as appropriate.
Be willing to consult with our therapists as needed.
Crisis management. Our office has a 24/7 call in system for our clients.
Manage your clients' medication crisis situations.
Be part of our team. We are looking to create a community that is enhanced by your individual contributions.

Requirements for the position as Prescriber - Contractor

Be licensed as a PMHNP or MD in the State of Oregon.
Have a working knowledge of the DSM or ICD 10.
Have the ability to work independently.
Be honest and ethical and have good character.
Have good communication skills.
Have critical thinking skills and good clinical judgment.
Have word processing / computer skills, time management skills and clinical writing skills.
Have the ability to work with a team of clinicians. Be willing set up your own account and use our messaging system for secure HIPAA compliant communication.
Pass a background check.
Have liability insurance.
Be vaccinated against COVID 19 to see clients in person in our office.
Be able to get to our office(s) if you choose to see a client in person.

Benefits

We provide clients who are looking for medication management.
Fee: Point of discussion. If you choose to use our EHR or office, this will be accounted for in the fee rate. Billing and admin support is accounted for in the fee rate.
Dog friendly office.
Snacks available in the office.
Flexible work schedule and a calm work atmosphere.
We do some group outings and get together as a team if you care to join us.

Employee vs Contractor

<https://www.oregon.gov/ic/independent/Pages/EE-IC.aspx>

At this time, we are looking for a contractor but are willing to discuss employee status as well.

We are looking to remain a smaller concierge group practice.

We are an equal opportunity employer.
