

Job Description: Mental Health Clinician - Associate

Welcome to our group practice!

We are looking for pre-licensed (associate) clinicians to join our group practice as a 'full-time' employee.

We are looking for the right fit and the perfect someone who ...

Has completed their master's or doctoral degree.

Has a knowledge of counseling or clinical psychology.

Wants to work on a great team of clinicians and administrative professionals.

Is looking to complete their hours in a supportive environment.

May want to remain as part of our team after becoming licensed.

Wants to learn and participate in training to be an awesome clinician. This is necessary!

Wants to collaborate and consult with others.

Is willing to expand their foundational knowledge and seek specialty knowledge or 'learn and grow'.

Is excited to jump into their new career.

Wants to see clients in our office as well as work remotely. This includes in-person sessions in the office and telehealth either in our office or from a remote location (home).

Why you should consider working with us ...

We value each other and our clients.

We are committed to helping you learn and grow as a clinician and welcome your input.

We value discourse and conversation, not micromanagement and repression.

We specialize in training associates.

We are a smart, fun, diverse and kind group of individuals.

We will take care of the business of being a therapist while you increase your clinical skill set. We have reception, billing and administrative rock stars on our team. We have a supportive fun team environment.

We provide individual and group supervision or we will provide a stipend for some of your outside supervision.

We work with folks who need help now.

We are seeing clients in person which is great for training!

We offer benefits, supervision, training and collaboration.

We offer a flexible hybrid schedule. We close to clients appointments at 3pm Fridays.

We truly love the field we work in and we hope to have some fun along the way! Mental health can be tough on us as well. We want to build a collaborative team that continues to evolve.

The Job

Individual therapy, family therapy, couples therapy and group therapy with adolescents and adults. It is not a requirement that you do all of these; these are our options.

We leave you the option to create a group.

Complete assessments, diagnose clients, complete treatment plans and complete progress notes and other clinical administrative tasks in a timely manner.

Attend group supervision monthly; this is required!

Attend supervision and training to help you expand your knowledge.

Crisis management. Manage your clients' crisis situations and help your colleagues in a crisis. We will support you in these situations.

Be part of our team.

Requirements

Be an associate in the process of getting licensed as an LPC or LMFT in the State of Oregon OR

Be very close to graduation or a recent graduate and/or in the beginning phases of application for associate licensure.

Have completed your graduate program.

Have a working knowledge of the DSM.

Have the ability to work independently.

Be honest and ethical and have good character.***

Have good communication skills and be relatable and curious.

Have critical thinking skills and good clinical judgment.

Be reliable and have timely attendance.

Have word processing / computer skills, time management skills and clinical writing skills. Have clinical counseling skills.

Have the ability to work on a team; this is mandatory!

Be able to give and receive feedback constructively and have good emotional regulation skills.

Be able to develop rapport, have some flexibility and like dogs (or cats).

Attend supervision, meetings and training.

Pass a background check.

Be vaccinated against COVID 19 to see clients in person.
Be able to get to our office. We are currently in the Tigard Triangle, SW PDX area near 217 and I-5, on the westside. We also have an office in Sellwood, near the bridge, in SE Portland. Our offices are beautiful and comfortable!
